A separate form must be completed prior to attendance in the extended care program.

Extended care costs can be built into your total tuition payment if your drop-off and pick-up schedule is the same each day. When added in for automatic withdrawal, prorating for months when we have long breaks (Fall, Christmas, Spring) is built in by only charging 9 months of care.

The drop-in rate for the occasional attendance to extended care is \$3.50/hr. Drop-in care is limited to the number of staff we have working. If you need your child to stay later than normal, contact the office as soon as possible so we can confirm that there is room in after care that day.

Monthly extended care invoices for students with drop-in/variable care schedules are sent home in backpacks by the 2nd week of the following month. Please remit payment upon receipt. Students with outstanding extended care invoices may be denied future placement in extended care.

Students must be signed out of the extended care program. Parents must enter and leave the building through the school entrance when picking up their child from extended care.
